To the staff at Bay View Inn,

As I sit here at home in Jupiter, Florida, I am looking back upon the recent trip that my husband and I made to northern Michigan. There were so many wonderful experiences, but by far my fondest memories are of our stay at the Bay View Inn.

At the moment I arrived at the inn, I had a peaceful feeling that all of the promises made on your website were going to be fulfilled. You promised welcoming, charming, enchanting, and unforgettable. My Bay View experience was all of that and more.

You truly have the magical combination -- the charm of the past mixed with all of the conveniences of the present. Above all, you have a staff that treated us with outstanding hospitality. Each and every person we encountered -- from the front desk to the dining room to the room service -- treated us like old friends and helped to make our stay a pleasurable one.

Please accept my sincere appreciation for doing such a good job and making us feel like we belong at the Bay View Inn. I look forward to returning.

Emily G.
